

Hogwarts Seal Stamp

The things you'll need are:

Air dry clay

A piece of parchment paper

Red acrylic paint

A hot glue gun

a flat sculpting tool or a popsicle stick

an paint brush

an exacto knife

glue sticks

Grab a piece of the clay and roll it out like a thick small sausage and flatten one of the sides by slightly pushing it on a flat surface.

Roll out a piece of clay about half a centimeter thick and cut out a circle with a diameter of 2 cm.

Use a little bit of water to stick the 2 pieces together. Use some water and clay (rolled out in snakes) to connect the 2 pieces. Smooth it out by using some water and a sculpting tool (or you could use a finger to)

Use your sculpting tool, popsicle stick (and exacto knife) to make an H into the circle of clay.
When your happy with how it looks let it dry (takes about 1-2 days)

When your stamp is dry you can make some hot glue seals. Heat up your hot glue gun and put a good amount of glue onto a piece of baking paper.

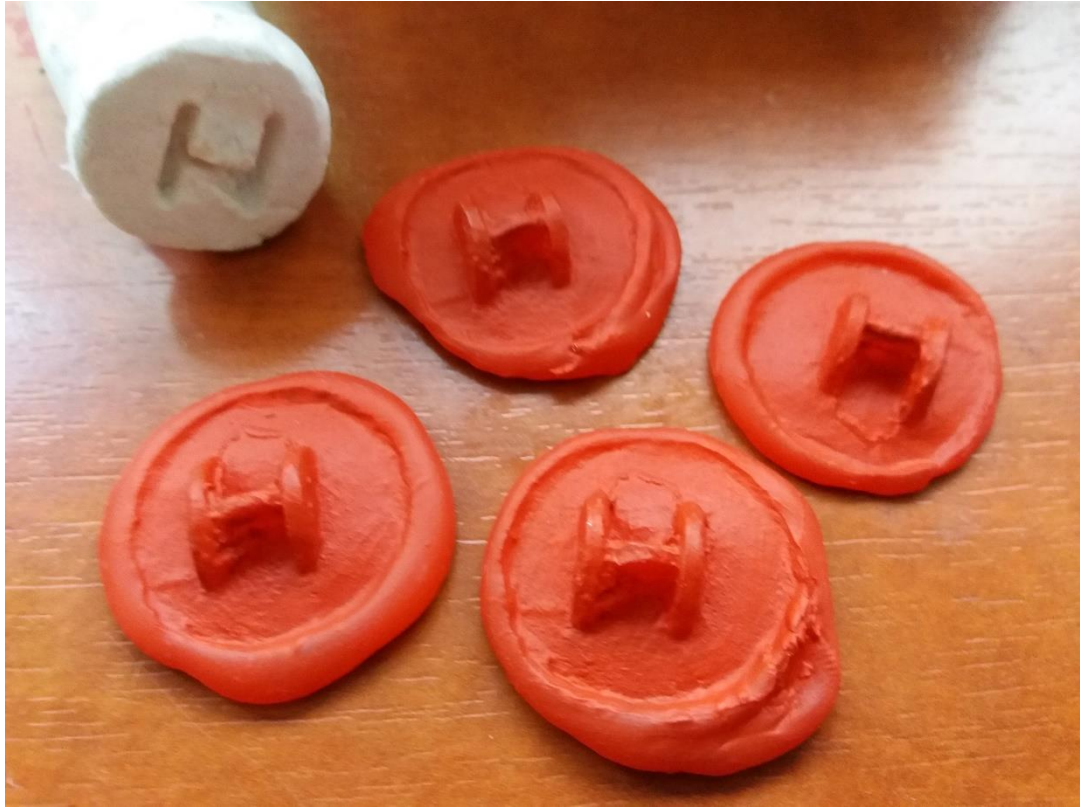

Photo

Carefully put your stamp into the middle of your hot glue. let the hot glue cool down completely before you lift up your stamp.

Photo

Paint the stamps with a few layers of red acrylic paint and they're done.

And now your Hogwarts seal stamp is done!

Have fun making this seal stamp!!
