Bookmark template

(if you don't own a laminator you can also

cover the bookmark with clear tape)

Start with painting in the stripes. Do thin layers at a time and let each layer dry before you apply the next layer.

When you are done with painting in the stripes you can fill in the white spaces with the color of your house.

When the paint on the front side you can paint the backside of the bookmark.

When the paint is dry cut out the bookmarks and laminate or cover them with some clear tape.

And now your house themed bookmark is done!

Hope you have fun making this bookmark!!
