

House Painting

The supplies you'll need are:

A square canvas

a ruler

paint brushes

Acrylic paint

a pencil

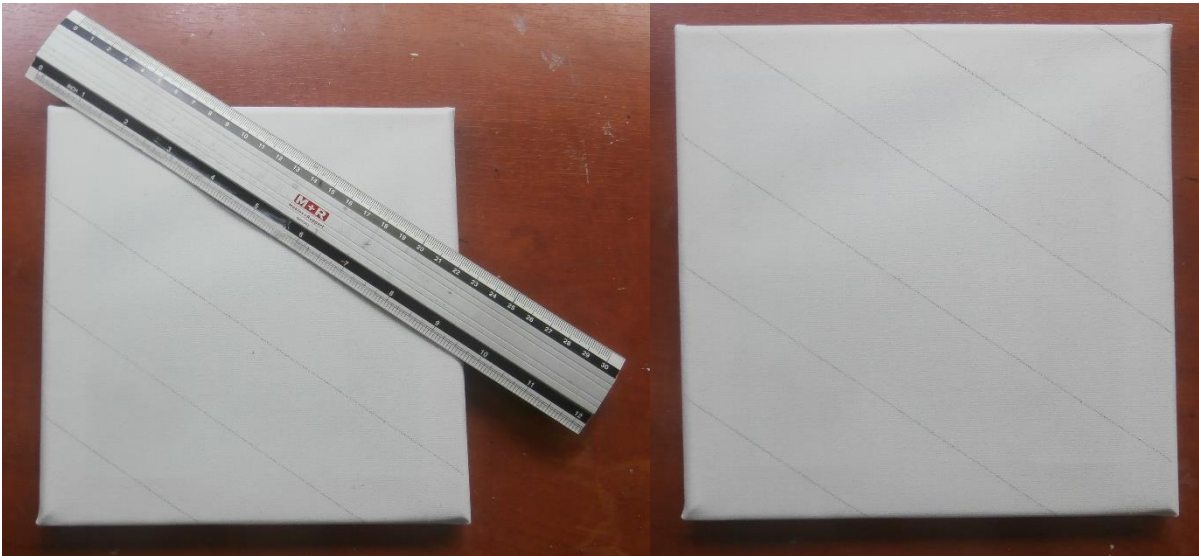

Slytherin = dark green and silver/gray acrylic paint.

Hufflepuff = yellow and black acrylic paint.

Ravenclaw = dark blue and silver/ bronze acrylic paint.

Gryffindor = red and gold/yellow acrylic paint.

Grab your ruler and make oblique lines across your canvas. Let the lines continue on the sides of your canvas.

Then grab your paint and start painting. Don't forget the sides!

Search on the internet the name of your house in a font you like. Print or draw it. On the back side of it you want to fill it in with a pencil.

Tape it down on your painting and trace the letters over. If you've done it write and you remove the paper the letters are on your canvas (it works the same as Carbon paper).

Now grab some black acrylic paint with a small brush or use a permanent marker to fill in the letters.

And now your house painting is done!

Have fun making this painting!
